With the knowledge of only a handful of essential joints, a woodworker can build anything he can imagine...Whether it's a kitchen cabinet or an 18th century highboy, the foundation for all types of woodworking can be boiled down to a handful of essential joinery skills. Once learned, these joinery methods can be used to create almost anything the woodworker's mind can imagine. From the workshop of The Wood Whisperer, the popular YouTube host and best-selling author Marc Spagnuolo teaches his preferred, time-tested methods for creating these joints. Rather than working solely by hand or machine, Spagnuolo teaches woodworkers how to choose

the joinery methods that make the most sense for the task at hand. And, in his easy-going and accessible style that promotes comfort and confidence, he provides several styles and methods for creating each joint.
