Books Descriptions

John Charming isn't your average Prince... He comes from a line of Charmings ? an illustrious family of dragon slayers, witch-finders and killers dating back to before the fall of Rome. Trained by a modern day version of the Knights Templar, monster hunters who have updated their methods from chainmail and crossbows to kevlar and shotguns, he was one of the best. That is ? until he became the abomination the Knights were sworn to hunt. That was a lifetime ago. Now, he tends bar under an assumed name in rural Virginia and leads a peaceful, quiet life. One that shouldn't change just because a vampire and a blonde walked into his bar... Right?
