Books Descriptions

SUMO was a titanic book in every respect: a 480-page tribute to the 20th century's most influential, intriguing and controversial photographer, it broke records for weight, dimensions, and resale price. Helmut Newton (1920-2004) always demonstrated a healthy disdain for easy or predictable solutions. SUMO—a bold and unprecedented publishing venture—was an irresistible project. With the physically commanding SUMO weighing

in?boxed and shrink-wrapped?at 35.4 kilos, Newton created a landmark book that stood head and shoulders above anything previously attempted, either in terms of conceptual extravagance or technical specifications. Published in an edition of 10,000 signed and numbered copies, SUMO sold out soon
