Books Descriptions

Tess Menzies can work a spell with a few blinks of her baby blue eyes. But this dedicated witch can't summon up a single good reason she's been made an envoy between her kind and Manhattan's fiercest were-creatures. The two sides haven't spoken in four hundred years, and she'll need every miracle in the book to broker any kind of truce. And that means outwitting Council of Others leader Rafael De Santos whose tantalizing moves and fierce hungry kisses are magic even a formidable sorceress can't resist . . . It doesn't take a cat's supernatural senses for Rafael to suspect that there's something strange about this unexpected peace offering. And finding the truth is just as tempting as

uncovering the secrets Tess is trying to conceal. Why, she's tantalizing enough to make this wandering were-jaguar think he's found the perfect mate?one he's only dreamed of. But his stealth and her spells can't guarantee they have a chance at survival, much less a future together?
