Books Descriptions

For P.J. Stone, being a "Seer" who has never seen anything is less than fun. And P.J. isn't known for her patience. To make matters worse, she must choose a suitable mate to continue the Seer bloodline. Duty always comes before her heart—at least that's what her parents taught her. When she finds herself wanting someone who is considered off-limits, P.J. is forced to question everything she believes. As if navigating her love life isn't complicated enough, P.J. finally receives a vision of a threat to her world that only she can perceive. But no one will believe a fledgling Seer's warnings. With nowhere else to turn, she may decide to trust a stranger with her life, her world, and maybe even her heart.
